TERMS AND CONDITIONS

1. Purchase Price

- 1.1 Karmot Pty Ltd ("the Company") agrees to sell the goods described on the front of this invoice to the customer named on the front of this invoice or customer named in an Application for Commercial Credit Facility with the Company ("the Customer") and the Customer agrees to purchase the goods from the Company for the total purchase price referred to on the front of the relevant invoice.
- 1.2 The total purchase price referred to on the front of this tax invoice includes GST as specified.

2. Delivery and Risk

- 2.1 The "date of delivery" is the date upon which the goods leave the premises of the Company. All goods are deemed to be delivered to the Customer at the Company's premises.
- 2.2 The Customer is responsible for arranging for the transportation of the goods from the Company's premises and is responsible for the insurance of the goods while in transit. The cost of transporting the goods and insuring them while in transit will be borne solely by the Customer.
- 2.3 Unless notified to the contrary, and without limiting the Customer's obligations under Clause 2.2, the Company will arrange on the Customer's behalf, for the transportation of the goods from the Company's premises to the Customer's premises at the Customer's expense. The cost of any such delivery is specified on the front of this tax invoice and is included in the total purchase price.
- 2.4 Risk in the goods shall pass to the Customer at the date of delivery. Unless notified to the contrary, and without limiting the Customer's obligations under this clause or Clause 2.2, the Company will arrange on the Customer's behalf for the insurance of the goods while in transit at the Customer's expense. The cost of any such insurance is specified on the front of this tax invoice and is included in the total purchase price. Where the Company does not arrange insurance on the Customer's behalf, the Customer will insure all goods that are at its risk.
- 2.5 Notwithstanding that risk shall pass to the Customer as herein provided title to the goods shall remain the absolute property of the Company until the Customer has paid to the Company in full the total purchase price for same. The Customer acknowledges that the Customer holds the goods as bailee of the Company until the total purchase price is paid to the Company for the goods. For the avoidance of doubt, where the goods are not separately marked, and the Customer has paid part of the total purchase price, the Customer acknowledges that title in each of the goods will remain the absolute property of the Company until the total purchase price is paid. The Company and its duly authorised agents shall at all times and without notice be entitled to enter any premises where the goods are believed by the Company to be, without any liability for trespass or damage (against which the Customer indemnifies the Company), and recover therefrom the goods, but only if there is an existing default in the terms of payment as set out in these Terms and Conditions for such goods or any part thereof. The sale by the Customer of any of the goods prior to payment in full of the total purchase price for same shall be made by the Customer as the Company's agent and the Customer shall forthwith account to the Company for the proceeds of the sale to the extent to which such proceeds are necessary to satisfy monies due. The Customer shall keep the Company's goods separate from other goods held by the Customer. Notwithstanding the provisions of this clause, the Company shall be entitled to maintain an action against the Customer for the total purchase price upon delivery.

3. Payment

- 3.1 The Customer shall subject to the rest of this Clause 3, pay the total purchase price on the delivery of the goods.
- 3.2 If the Company has agreed to supply the goods to the Customer on credit, the Customer shall pay the total purchase price to the Company within thirty (30) days after the end of the month of delivery.
- 3.3 If payment is not made in accordance with these Terms and Conditions then interest and administration charges of 1.5% per month or part thereof on the outstanding amount shall be charged by the Company to the Customer and payment shall be credited firstly against any interest and administration charges due.
- 3.4 The Customer shall pay all costs, fees, charges and disbursements and legal costs on a Solicitor/Client basis incurred or to be incurred by the Company in recovering any monies due to the Company for the supply of goods to the Customer.
- 3.5 The Company reserves the right to separately invoice the Customer for any additional tax or delivery charges after the date of delivery of the goods.

4. Warranties

- 4.1 The Company warrants that:
- a) in relation to equipment, for a period of 12 months; and
- b) in relation to parts for a period of 12 months or 20,000 km, if the goods have been correctly installed and used in accordance with the manufacturer's instructions, and if the goods have not been misused, tampered with or damaged (fair wear and tear excepted) and if properly serviced and maintained and not otherwise modified other than with the written consent of the Company, the Company will repair or replace at its option, free of charge, all the goods which are defective by any reason of faulty components or workmanship provided the Company is notified of such faulty components or workmanship in writing within 14 days from the date the defect first became apparent to the first user of such goods, and the Customer complies with Clause 5.
- 4.2 Nothing in these Terms and Conditions will operate to exclude, restrict, or modify the application of the provisions of Division 2 of Part V of the Trade Practices Act 1974 ("the Act"), the exercise of a right conferred by such provision, any liability of the Company for a breach of condition or warranty implied by such a provision or the application of Section 75A of the Act.
- 4.3 To the extent that it is able to do so the Company expressly limits its liability for a breach of a condition or warranty under these Terms and Conditions or implied by virtue of the Act to any one or more of the following, the choice of which is to be at its sole discretion:
- a) the replacement of the goods or the supply of equivalent goods;
- b) the repair of the goods;
- c) the payment of the cost of replacing the goods or of acquiring equivalent goods; or
- d) the payment of the cost of having the goods repaired.
- 4.4 The limit of the Company's liability to the Customer or to any third party under these Terms and Conditions shall not in aggregate exceed the purchase price of the subject goods. In no event shall the Company be liable for consequential, incidental or punitive loss, damages or expenses howsoever arising, including if arising from the negligence of the Company, its employees, contractors or agents.

5. Return of Goods

- 5.1 If the goods are to be returned to the Company for the reasons specified in Clause 4.1, the following procedure is to be complied with by the Customer:
- a) the goods are to be packaged and returned to the Company's premises within a further 7 days from the date the Company is notified of any defect in the goods as referred to in Clause 4.1.
- b) the Customer must provide a copy of the invoice or details of the invoice to which the goods relate.
- c) the goods are to be returned to the Company by the Customer freight prepaid.
- d) the Customer is to obtain a receipt for the return of the goods from the Company.
- 5.2 If the goods are returned to the Company for credit:
- a) the Customer must observe the procedure set out in Clause 5.1(b), (c) and (d); and
- b) the Customer must pay to the Company an amount equivalent to 10% of the total purchase price on account of the Company's handling charges.

6. Intellectual property

- 6.1 The Company owns and will retain the ownership of all intellectual property rights, in and to the goods and any associated documentation and owns and will retain the ownership of any associated documentation produced in connection with the goods.

7. Force Majeure

- 7.1 The Company shall not be liable to the Customer for any failure to perform or delay in performance of any obligation under these Terms and Conditions caused by an act of God, war, government action, storm, fire, tempest, strike, lock out or any other circumstances beyond its reasonable control.

8. Guarantor

- 8.1 Each guarantor named on an Application for Commercial Credit Facility with the Company ("Guarantor") guarantees to the Company the due payment of all moneys agreed to be paid to the Company by the Customer and the due performance by the Customer of the Customer's obligations to the Company, in accordance with these Terms and Conditions.
- 8.2 A guarantee under Clause 8.1 will remain in full force and effect until the due performance by the Customer of all its obligations set out in these Terms and Conditions.
- 8.3 If there is more than one Guarantor, Clauses 8.1 and 8.2 apply jointly and severally to the Guarantors.

9. Plurals

- 9.1 Any reference to the singular hereunder shall include the plural and vice versa.

10. Entire Agreement

- 10.1 These Terms and Conditions (and should the Customer have entered into a credit application agreement with the Company, then any terms in that agreement thereunder) constitute the entire agreement between the Company and the Customer and any prior agreement or understanding between them in respect of the subject matter of these Terms and Conditions, including any quotation or purchase order, is superseded by these Terms and Conditions.
- 10.2 To the extent that there is any inconsistency between these Terms and Conditions and the terms and conditions in any purchase order relating to the goods, these Terms and Conditions will prevail.
- 10.3 The Customer acknowledges that it has not agreed to purchase the goods in reliance upon any oral or written representation made by or on behalf of the Company.
