

RITCH™ Drum Mounted Oil Filter Crusher

Part Number
ROFC1

FEATURES

- Complies with Australian Standards AS4024-1996 and Work place safety requirements
- Air Over Hydraulic Operation
- **Safety feature**, filter hatch air line cut-off
- Oil drain tray for used filters
- Fits on 205 Litre drum
- Fabricated in Australia

SPECIFICATIONS	ROFC1
Overall Height	1690mm
Tray Height	980mm
Tray Size (radius)	560mm
Oil Drainer Depth	100mm
Ram	10,000kg
Pump	Air / Hydraulic
Crushes Filters up to	Height 220mm, Diameter 150mm
Net Weight	40kg

**RITCH™ Truck
Oil Filter Crusher**

Part Number
ROFC3

FEATURES

- Complies to Australian Standards AS4024-1–1996 and Work place safety requirements
- **Safety features**
 - *Hydraulic pressure cut-off
 - *Filter hatch cut-off
 - *Emergency electrical cut-off
- Designed to be hard plumbed or parked over 205Lt drum
- Oil drain tray
- Fabricated in Australia

SPECIFICATIONS

ROFC3

Overall Height	1930mm
Tray Height	1100mm
Tray Depth	680mm
Tray Width	700mm
Ram	25,000kg
Pump	Electric over Hydraulic
Wheels	Rubber casters, two with brakes
Crushes filters up to size:	Height 305mm, Diameter 200mm
