

# RITCH™ Parts Washer

Part Number

# REN10A

### FEATURES

- Meets AS3100-1990 certificate of suitability ETSA CS/1065/S
- Drum mounted with overhead lamp.
- Flow-through brush system - Electric pump, suitable for high flashpoint fluids.
- Fabricated in Australia.

SPECIFICATIONS	REN10A
Overall Height	940mm
Overall Width	790mm
Drum Working Load Limit	90 Litres
Net Weight	38kg

**RITCH™ Parts Washer / Soaker Tank**

Part Number  
**REN11A**

**FEATURES**

- Meets AS3100-1990 certificate of suitability ETSA CS/1065/S
- Leg mounted with overhead lamp.
- Flow-through brush system - Electric pump, suitable for high flashpoint fluids.
- Fabricated in Australia.

SPECIFICATIONS	REN11A
Dimensions	1170mm x 590mm x 330mm
Minimum Working Load Limit	120 Litres
Maximum Working Load Limit	240 Litres
Net Weight	45kg

Replacement Parts Available

SPECIFICATIONS	REN10-3	REN10A-S2
Description	Replacement brush for RITCH™ Parts Washer	Pump motor for RITCH™ Parts Washer

# CHEMFREE Smartwasher Parts Cleaning System (Standard Sink)

Part Number

# PWS100, PWS200

## FEATURES

An aqueous based cleaning system with microbial bioremediation.

**How it works:** As you wash a dirty part, the OzzyJuice solution lifts the grime from the part. The adjustable faucet (or parts brush) rinses the grease and oil from the part. Oil, grease, and other contaminants rinse through the sink. Larger particles are trapped by the filter pad located under the sink. The remainder then flows into the sink.

Once in the sink, Ozzy eats the oil and grease away, leaving clean degreasing solution ready to clean the next part. Ozzy is always eating, working for you 24 hours a day, 7 days a week. This is why it is important to leave your Smartwasher on all the time.

As Ozzy eats, he breaks down the hydrocarbons into water (H<sub>2</sub>O) and carbon dioxide (CO<sub>2</sub>). The water is lost through evaporation, and the carbon dioxide is released into the air. Hence, no solids (sludge) build up, no contamination needs to be hauled away, and you create a healthy work environment.

- Made in USA
- Made from 6.35mm impact resistant, non-conducting rotomolded LLDPE.

SPECIFICATIONS	Standard Sink Unit Dimensions	
	PWS100	PWS200
Overall Height	915mm	1016mm
Overall Width	813mm	889mm
Overall Depth	673mm	673mm
Inside Sink Height	203mm	203mm
Inside Sink Width	686mm	1060mm
Inside Sink Depth	432mm	650mm

# CHEMFREE Smartwasher Kit

Part Number

# PWS100-KIT1 PWS200-KIT1

## CHEMFREE SMARTWASHER

An aqueous based cleaning system with microbial bioremediation. Made in USA, from 6.35mm impact resistant non-conducting rotomolded LLDPE.

## FEATURES

- Non flammable.
- No need to replace Ozzy Juice (Fluid).
- Ozzy Filter Mat removes solids from flow of fluid over work.
- Environmentally friendly.
- Work safe.
- Sold in kit form. Two sizes available, standard and super-sink.
- Parts and service available Australia wide.

SPECIFICATIONS	PWS100-KIT1 Standard Sink Unit	PWS200-KIT1 Super-Sink Unit
Overall Height	1016mm	1016mm
Overall Width	889mm	889mm
Overall Depth	673mm	673mm
Inside Sink Height	203mm	203mm
Inside Sink Width	1060mm	1060mm
Inside Sink Depth	650mm	650mm
Ozzy Juice	Non flammable activating degreasing agent (fluid); non-hazardous; Noncaustic; VOC-free; with no flashpoint; Will not dry, crack, infect or discolour your skin.	
Filter Mat	Ozzy fluid activation filter mat, 50 micron rating, contains microbes.	
Kit Contents	1 x Standard Sink 5 x 20 Litre Drums Ozzy Juice 3 x Ozzy Filter Mats	1 x Super Sink 5 x 20 Litre Drums Ozzy Juice 3 x Ozzy Filter Mats
